

## WE NOMINATE

Suzanne Keller, one of the respected sociologists of her time and a teacher of men for the past several years, who in this education-minded community has scored a redoubtable "first." Effective next July 1st, Miss Keller, named Chairman a year ago of the Committee for Youth appointed by Borough Mayor Henry S. Patterson II, will become the first woman in Princeton University's 222-year history to receive continuing tenure as a teacher-scholar. This means that Miss Keller at age 41 has been appointed to serve without express limitation as to term until the University's stated age of faculty retirement, 68, which, in this instance, means the year 1995.

A full-time lecturer here for the past three years, the newly designated Princeton Professor launched her teaching career in 1957 in the Department of Sociology of Brandeis University. Continuing her affiliation with Brandeis until 1965, she also taught for varying periods at Vassar College, New York Medical College's Department of Psychiatry, New York University and The City College of New York. Immediately prior to her initial Princeton appointment, she had completed two years as Visiting Fulbright Professor in one of Europe's most creative and interesting "think tanks," the Graduate School of Ekistics in Athens.

While Princeton has had women on its teaching and research staffs for over two decades, and currently lists some 80 women among its professional personnel, the photogenic Professor Keller has caught the eye of editors and copy-readers. One normally staid major daily newspaper headlined: "Tiger's Growl Adds a Feminine Note." On the other hand, "The Times of London" was delighted to learn that Miss Keller, a native of Austria, who made Vienna her home until she came to this country in 1939, is fluent in French, German, English and Greek, commands a working knowledge of

both Italian and Spanish and lived for a period of years in Athens, Greece — not Athens, Georgia.

Dr. Keller, one of whose earliest research assignments was as a Post-Doctoral Visiting Fellow here in the Woodrow Wilson School's Center of International Studies in 1953-54, has carried forward major research projects in a half-dozen European nations. Whether associated with Public Opinion Research in Paris, or the Columbia University-Air Force Project in Munich, or the Human Community Project in Athens, she has been concerned with public opinion and market research and with such areas as attitude surveys of American and European elites, test construction, and data collection and analysis of intelligence measurement among children of different social and racial backgrounds.

A member of the Class of 1918 at Hunter College and an alumna of Columbia University, where she received both her master's and doctoral degrees, this versatile naturalized citizen is a frequent contributor to professional publications and is the author of two major works, including this year's excellently reviewed "The Urban Neighborhood." Teaching on both the undergraduate and graduate levels, she is offering a graduate seminar on the social aspects of urban planning as well as courses on the family and social stratification. And, when time permits, she is available as a consultant to planning groups wrestling with the Poverty Program, urban renewal, and new towns and management training.

For her major contributions and promise in a field of growing concern to American society; for richly meriting the attention which is being accorded her tradition-cracking appointment; for seeking to anticipate future developments in the broad sphere of human relations; she is our nominee as

**PROGRESS REPORT**  
On Princeton Checklist. In the month that has passed since the assassination of Dr. Martin Luther King Jr., Princeton has talked, privately and in public meetings, about things that can be done to make Princeton a better town.

Most of the projects whose progress are reported below were started before Dr. King's death, but they are a source of greater anxiety to Princeton residents now than they were before.

**Human Rights Commission**  
People who want a Commission would like it to be a Joint Borough-Township (and possibly West Windsor) endeavor; however, Borough and Township officials have not discussed the question together recently, and nobody seems to know whose move is next.

Borough Councilmen talked informally among themselves Monday night about a rights commission. Mayor Henry S. Patterson still has "some reservations," he said this week. "I don't want to see Mayor and Council remove ourselves from direct responsibility and contact."

**Middle-Income Housing.** This project is stuck, dead center, because the state attorney general's office still has no formally approved the contract with Princeton Community Housing, Inc. for \$35,000 in "seed money."

The loan was announced the first of March, over two months ago. Theodore Vial, president of Princeton Community Housing, Inc., said early this week that ten days ago, the state promised some action "in ten days."

After the loan is formally approved, architect Robert L. Geddes will present quick sketches and what Mr. Vial calls "verbal plans" to Borough Council, the Borough Planning Board and, possibly to Palmer Square, Inc.

A possible site for 100 units of middle-income housing in the Wiggins Street area zoned for six-story office apartment buildings in the Borough's tentative new zoning ordinance.

Mr. Geddes has talked in formally with two representatives of the John-Witherspoon Civic Association and will meet with the full group shortly, Mr. Vial said.

The architect envisions the apartment structure as a "bridge" between the uptown

business district and the John-Witherspoon residential area. Mr. Vial explained, adding that plazas, public walkways and a garden-style entrance facing north toward the John-Witherspoon area would create a harmonious link.

So far as the Township is concerned, Princeton Community Housing is pleased with the new Master Plan's projected 200 units of low-income housing, amended for the immediate future," Mr. Vial stated.

**Princeton Community Housing.** when the Master Plan is adopted formally, will begin to consider Township units, Mr. Vial said. The corporation will have to go back to the state for a second "seed money" request for the Town ship units.

**Low-cost Housing — Township.** Committee is forging the legal link that will allow the Borough's Princeton Housing Authority to act for the Township, too, but the legal language in the resolution has caused a temporary delay (See Topics of the Town.)

**Police Attitudes.** No date has been set for a second meeting between Borough and Township police commissioners, and Gordon Mack, a Princeton resident who is an expert on police matters and has served as consultant to the police forces in various big cities, Commissioner William Walker for the Borough, said this week that he hopes for such a meeting "soon."

In March, Borough Police Chief Peter J. McCrohan spent two weeks at Sea Girt attending "Operation Combine," the State Police course on civil disturbance. Township Police Chief James Campbell attended the same course earlier, when it was given in Trenton.

Chief McCrohan said that the course was "very worth while," and explored the sources and reasons for civil disturbance in some depth, covering civil rights, human

relations and a broad evaluation of last summer's troubles. Sgt. Theodore Lewis of the Borough force had attended the course previously. Chief McCrohan said that Lt. Michael Carnevale will attend as soon as "Operation Combine" has a place for him.

The chief also said that he expects to hold courses this month with Borough patrolmen, using his "Operation Combine notes as lecture material."

**Rental Inspections.** The Borough's unit-by-unit survey of the municipality's 1,607 rental units will probably be completed in a month, said Borough Health Officer David Blake this week.

Then Mr. Blake said, he will begin to make formal inspections under the housing and sanitary codes, of units that are found questionable.

For a Township report, see Topics of the Town.

**Paving John Street.** Bids will be accepted next Tuesday. Work will begin no later than 10 working days after that, and the project will probably be finished in about a month, according to Borough Engineer Thomas Cawley.

Paving will be done from Green Street to the Borough line at Leigh Avenue.

**... and Racism.** A workshop on the way racist attitudes can affect school children was held last Wednesday for every one employed by the Princeton Regional School system — teachers, custodians, principals, cafeteria workers, housewives who are playground aides.

The Rev. C. Shelby Rooks started things off in a keynote talk by stating flatly that all whites are racist. "He charged that every black child in the school system feels some kind of discrimination."

A teacher in one of the workshop groups reported that Dr. Rooks' flat statements made some people hostile, some curious. She said, of the after

noon's discussions, "I think each person now has a greater understanding of himself, and where he stands in regard to race, and a greater feeling for each child as an individual."

Assigned to the 10-member workshop groups alphabetically, staff members found that the alphabet made a good mix: black and white, old and young, men and women, professionals and non-professionals.

At a second session this Tuesday afternoon, the staff was scheduled to gather again, evaluate what happened last Wednesday and decide what to do next.

### PLANNERS LISTEN

At Zoning Hearings, Real Estate agents, businessmen and spokesmen for educational institutions did a carving job Tuesday night on the Borough's proposed new zoning ordinance.

The public hearing, held before the Planning Board, will be resumed at the board's next public meeting in June. Part two of the hearing was originally set for next week, but speaker after speaker protested that the board, by releasing the highly-detailed ordinance only a week ago, had not allowed anybody enough time to digest it, study it, and decide how it jibed with special interests.

• Mrs. Richard Edwards, president of the John Witherspoon Civic Association, protested the six-story office-apartment buildings allowed in a new zone bordering Wiggins. "It's an infamous Berlin wall, blocking off the John Witherspoon area," she charged.

• Mrs. Lawrence Norris Kerr, real estate agent, pointed to new provisions allowing multiple family dwellings in the R3 residence zone (roughly Houghton, Hawthorne, Hamilton and Harrison), and stated that the density requirements would have to be more than doubled to care for Princeton's apartment needs. "There will be very few new apartments under this ordinance," she prophesied. "The cause lots are small and land costs high. This ordinance doesn't fulfill the Master Plan's promise of more apartments."

• Charles Cornforth, 71 Westcott Road, asked why schools and churches were allowed "by right" in residential zones. "I would like to see us protect the sanctity of all four residential zones," he told the board. Then he asked to have schools and churches in residential zones made "conditional" so that residents would have the right "to ask questions."

• John P. Moran had half an hour of objections from

Princeton University. He said the new ordinance would require the University to provide 700 parking spaces for Firestone Library alone. He protested — and so did the Seminary and Westminster Choir College the elimination of "dormitories" in the E-1 buffer zone, which is designed to separate residential areas from institutional campuses.

He also questioned the definition of "residential institution" and told the board the University wanted to be able to provide cooking facilities in a dormitory.

• Ridgely Cook, for Edmund Cook & Co., real estate agents, asked for six-story buildings instead of four in the central business zone.

• Fred Blaicher, president of Palmer Square, Inc., suggested that the four-story, six-story provisions be reversed, with six-story buildings allowed in the central business zone, and only four-story office-apartments on the Wiggins periphery. "These zoning proposals almost negate the value of land in the central business zone today," Mr. Blaicher said. He estimated that P.S.I. would have to charge \$7.81 per square foot in rent for a four-story building. Under the present five-story limits, he said, rent would be \$5.38 "which is had enough."

• S. E. Montgomery asked the board to consider separate ordinance for site plan review, as in the Township.

### MARCHERS SUPPORTED

Endorsed by Mayors, Carl C. Schafer, chairman of the Township Committee, and Mayor Henry S. Patterson of the borough issued on Tuesday a joint statement endorsing Princeton efforts in behalf of the pending poverty march on Washington.

"The Poor People's Campaign was initiated by the late Martin Luther King and is being continued by the Southern Christian Leadership Conference with the cooperation of concerned people of all races and creeds throughout the country. It is an effort to dramatize the tragic fact that in the face of unprecedented affluence, at least 35 million Americans are 'poverty-stricken' by official definition and that the gulf between the haves and the have-nots is widening rapidly."

"It will present to the government demands involving jobs, income and a decent life for all citizens predicated on the premise that America has the resources with which to end poverty, provided she has the will."

"Together with communities everywhere, Princeton is being asked to assist in this monumental task in whatever way we can. We, the mayors of Princeton Borough and Township, urge all citizens to offer to this endeavor their wholehearted cooperation."

**POOL FEES DEBATED**  
By Princeton Residents. The opening of the Community Park pools three weeks away finds the Joint Recreation Commission, which operates the pools, faced with a familiar problem: pool fees have become an issue again.

At its monthly meeting last week, about 30 — and in some cases, highly vocal — Borough and Township residents ap-

**MID-TOWN PRINCETON GARDEN SPOT:** By May 24, this "island" between Nassau Street and Mercer Street Extension will be a shady rest-park. The Garden Club of Princeton, whose project it is, will then be able to hold its French Markets in a permanent garden home. George Cushine, landscape architect who did the Borough Hall gardens, has planned three benches, three globe lights like the ones at Borough Hall in photo-electric cell will turn them on and off automatically; and planters which will hold 24-inch plants, changed seasonally by the club. Each planter has its own spray nozzle, and one planter has locked compartments for storage. The pavement is brick, and eventually the club hopes to have redwood containers for trash cans, like the ones in the Borough Hall garden.

peared to voice their opinions. Most indicated they wanted longer free swim periods and the use of the pool not six but seven days a week. Mainly, they zoned in on the season fee of \$15 for individuals which they felt was too high and was keeping away youngsters who

wanted to swim but cannot afford it.

A number of solutions were offered: fees should be scaled according to one's income; there should be a flat or equal fee for every Princeton resident; issue a 50-cent dip ticket similar to that of the YMCA which would be good for a week; have the property owners pay the operating costs so that everyone could swim free all the time. (See Question of the Week, page 37.)

And these: increase the free swim time from noon to 8 p.m. on alternate days; charge a \$2 to \$5 fee for youths 10 to 21; reliance on simple trust rather than an embarrassing means test for those who say they can't afford the fees. One suggested putting the entire matter up for a referendum.

**"Scholarships" Issued.** As for the Joint Recreation Board, it leaned toward more extensive use of "pool scholarships," a euphemism for a free season's pass, rather than change the existing fee structure. R. Donald Barr, Recreation Director, reported that already more than twice as many "pool scholarships" have been granted this year than last.

He told the gathering that he worked with the welfare departments in the area, asking who the needy are. "The only one who knows about it is myself and the welfare director."

This drew a smile from John Achey, 60 Harriet Drive. "This only shows how insensitive the board is," he said. "There wouldn't be a meeting tonight unless it was not apparent that the pool complex is inadequate. Why else charge so

much to keep people out?" Capacity of the pool is about 6,500, according to Mr. Barr.

Mr. Barr later admitted that maybe the board would have to reevaluate its procedure of issuing scholarships. But he maintained that the answer was through a more liberal use of such scholarships and not through any change in the fee structure.

Not everyone was in favor of reduced fees. T. B. Fisher of Snowden Lane, Harvey Rothberg, former school board president, and John Perone, 485 Ewing, spoke in defense of retaining the present fees of \$40 per family and \$15 for an individual.

**Problem of Charity.** The nub of the 90-minute discussion was the sticky problem of charity — assuming, which some didn't, that people would accept it if it were done in a just and dignified way. "How can we find out who these people are," asked board member Dean Chase.

One of the chief spokesmen for a lower individual rate was Saul Fox, president of the Youth Center, appearing on behalf of its 600 members. He requested that the board grant summer swimming privileges to every member of the Youth Center plus an additional \$2.50 fee.

"They don't want it for nothing," he said. "This is what they felt they could pay. They want to be able to walk right in like everyone else."

"Why are members of the Youth Center any more special than any other youngster in Princeton," asked John Wallace, Township Committee liaison to the board. "Why shouldn't this extend to all youth?"

"If concessions are made, they will have to apply to everyone in town," agreed board member John Conroy.

**Sub-Committee Proposed.** Later, after the give and take between the audience and board had ebbed, Mr. Chase proposed that two members of

the board meet with Mr. Fox and a member of the Youth Center to consider the problem further and come back with recommendations to the board. Those chosen — Mr. Barr and Mr. Chase of the board and Mr. Fox and Mark Adams of Clay Street — met on Tuesday night.

Against the desire to see that fees be reduced so that everyone who wanted to could swim was the admission of others that the board was obliged to follow certain ground rules set up when the half-million dollar complex was built. Foremost of these was the concept that the pool would be self-sustaining, that the operating costs of some \$10,000 each year would be met by fees.

Capital outlay for the pool, of course, is not self-sustaining. As one member in the audience pointed out, Borough and Township taxpayers are paying between \$25,000 to \$30,000 a year to amortize the cost of the pool — and that does not include the cost of the land.

The Old Give-Away. Mr. Perone had this in the back of his mind when he said earlier in the evening, "Here we are wanting something for nothing again. The old give-away. I think everyone should pay at least one dollar."

We hear the Negroes can't pay. I've lived in Princeton all my life. These organizations come in here and say, "Let's give them something for nothing." Have any of these organizations talked to these people? They don't want something for nothing.

Pointing out that Princeton had just recently resoundingly defeated an inflated school board budget something much more fundamental than a luxury like a swimming pool," Mr. Fisher added, "Does swimming? This is ridiculous."

"As one who anties up the taxes, the condition under which the pool was built that it be self supporting is a valid one," he said.

In a measured comment, William Cherry of 24 Dempsey Avenue, summed up the pros and cons of both sides and offered a solution.

The situation has really radically changed," he began. "I like to think that everyone is a little better off financially, but there have been changes in emotions and attitudes. We have to adjust as best we can. "If we reject all fees, the burden may fall on taxpayers. The old lady, well-to-do, who will never use the pool — the extra tax bite will hurt very much. Yet, on the other hand, it does hurt to know we youngsters are excluded for economic reasons."

Then pointing out the problems associated with the process of free passes, he concluded, "I'm afraid we will have to choose between one form of inequity and another. If we have to choose, I recommend the issue be placed before the voters as a referendum. I see no other honorable way out."

FIRE DESTROYS GARAGE On Clay Street. All Princeton fire companies responded to a general alarm sounded at 7:33 Sunday afternoon to battle a garage blaze at the rear of 184 John Street. Police said the garage owned by Mrs. A. O. Campbell of 189 John, suffered extensive damage.

There was a small fire reported at 6:21 Tuesday morning in an old tree at the corner of Prospect and Washington Road, used to support a bulletin board. "There was little damage but there was a fire in it," said Chief Peter J. McCrahan.

Poor People's Shed Afire. William Clark, 116 Witherspoon Street, an employee of the A&S Luncheonette, 86 Nassau, reported a fire at 3:29 Tuesday morning in the newly-erected Poor People's shed on Palmer Square. Two patrol cars manned by Sgt. Ralph Proccacio, Ptl. Arthur Jackson, Ptl. Gerald Patterson and Ptl. David Alston extinguished the fire.

"It scorched some boards and burned out a can of paint," said Chief McCrahan. He said police questioned witnesses who reported seeing youths running from the shack toward the campus. At 2:40 a.m. Wednesday, the shack was set afire again and this time was totally destroyed.

despite the efforts of four policemen with extinguishers.

Neil Bromberg, a graduate student associated with the agency that erected the shack, Informed Citizens Advocating Action, said that the group had permission from Palmer Square Inc. to keep the shack there for two weeks. ICAA was formed by a group of students, he said.

Mr. Bromberg disclosed that \$190 had been collected so far and enough clothing to fill the shack. Money and clothing will be turned over to a coordinating agency in Trenton to aid the Poor People's March on Washington. **UNIVERSITY AGREES**  
To Some SDS Demands

Much still remains to be worked out, but in relatively quick order, Princeton University has agreed to some of the demands voiced by members of the Students for a Democratic Society at a protest rally in front of Nassau Hall last Thursday afternoon.

Speaking to a crowd of about 80, including about 100 SDS members who had marched to Nassau Hall, Dr. Goheen said he personally agreed with the student's demand for a "fresh searching look at the process of University decision making." The student group wants a greater student-faculty voice in University affairs, particularly those relating to undergraduate life, and a corresponding lesser role for the Board of Trustees.

After a late afternoon meeting with four of the protesters, Dr. Goheen also agreed to appoint Richard Falk, a law professor, to find an expert in the draft law to counsel students. He also commented that he may have misunderstood the Kelly report on the controversy over the Institute for Defense Analysis.

Asking that the University sever its ties with IDA, this report was not presented to the trustees, but in its place a compromise worked out with IDA, whereby university representatives rather than university presidents would sit on the Institute's board.

Other demands by SDS included abolition of parietal rules, limiting hours women are allowed in dormitory rooms, revision of a draft policy for graduate students, allowing the same treatment for those who go to jail for refusing to serve as those who do serve.

**PRINCETON IN THE NATION'S SPOTLIGHT:** Princeton University President Robert F. Goheen speaks into a battery of microphones on the steps of Nassau Hall, addressing a crowd of some 800 last Thursday afternoon, replying to a series of demands by Students for a Democratic Society, this page.

**FURNITURE DONATED**  
For Newark Project. The second rally-round for the Newark fire victims brought a considerable amount of Princeton household items to the former Miss Fine's School gym on Saturday and Sunday.

"The response was quite overwhelming!" Mrs. Ull Steltzer, the drive organizer, said Tuesday.

The gym is packed to the entrance with beds, chairs, tables, couches, mattresses, curtains, kitchen utensils, lamps, refrigerators and dishes. Enough to fill two large trucks, Mrs. Steltzer estimated. Newark is expected to send trucks to Princeton as soon as storage space is available. Pre-fabricated housing is going up in the fire-stricken section of the town.

Among the many volunteers who came and went were Colin S. Pittendrigh, who arranged the furniture stacking, and six-year-old Gordon Gregg who had been house-to-house on Roudinot Street looking for donations. Also, two members of Preakay, Lynn Hogland and Jeanie Lewis; Henry Broad, Claudia Epple, age 8, and her mother; Gale Colby, Stephen Waters and three Hun students.

Phones were manned by Selden Tillick, Mrs. Arlene Saccop and her daughter, Linda, and the staff of Princeton University where trucks and drivers were on duty.

**RESIDENTS TO PETITION.** For Change in Bedd Plan. Property owners on Princeton-Kingston Road, plus concerned residents of Princeton, Kingston and Lawrenceville have begun circulating a petition directed to the State Department of Transportation asking for

specific alterations in its plans for a new Kingston Bridge.

Mrs. William C. Pierce, 1113 Princeton-Kingston Road, who has helped draft the petition, said copies would be passed around from house to house and posted in public places in order to obtain as many signatures as possible to present to Transportation Commissioner David J. Goldberg.

The petition charges that the "currently proposed design is excessively expensive and needlessly destructive to an historic area surrounded — Continued on Next Page

by natural beauty. "The residents recognize the safety hazards in the present bridge and favor a new one, but are quite opposed to the state's design for a new one, which calls for a widening of the approach to four lanes."

The petition proposes the following:

- No drastic widening of the road, which could lead to the dualization of Route 27 through Kingston, Princeton and Lawrenceville.
- A maximum of 35 mph. speed limit to coincide with existing speed limits on adjoining stretches of the road.

- Erection of a barrier bridge in the middle of the old bridge with one half used for pedestrians and the other as an access road for residents in the immediate area. This would eliminate the need for sidewalks on the new bridge, thus enabling a reduction in its width.

- Construction of an open walkway for pedestrians passing under the new bridge and along the river for recreational and safety purposes.

- Different placement and more extensive posting of warning signs, while the existing bridge is in use.

**TOWNSHIP PROMOTES TWO**  
On Police Force. Two members of the Township police force have received promotions effective May 15. Detective Sergeant Frederick M. Porter, 262 Birch Avenue, has been promoted to lieutenant. Patrolman Norman F. Servis, 367 Exing, has been promoted to sergeant.

The promotions, announced Monday night by Township Committee member Burton Peskin, are "merit" promotions made on the recommendation of Chief James Campbell without formal examination.

The township will now have two lieutenants on the force. (The Borough has one). Lt. Richard Steiner will handle administrative work, and Lt. Porter will be in charge of all uniformed patrolmen. Lt. Porter himself, long a plainclothesman, will go back into uniform.

Lt. Porter born August 10, 1926, has been on the Township force since October 26, 1952. Sgt. Servis, born on October 23, 1928, has been a Township patrolman since February 14, 1955.

The Township has a position open for a new patrolman, and tests will be held for the job on June 11. Forms are available at Township Hall through Chief Campbell.

### COMMITTEE MEETS

Housing Marks Time. "You never told us, at budget time, that you were going to introduce this increase in our taxes — I think Township Committee has been less than candid."

The protester, Henry J. Frank of 128 Valley Road, objected Monday night to the new increase in the sewer use fee — from \$20 to \$30 per year. The rate affects all properties connected to the sewer lines.

Committee hopes the rate increase will stop up a deficit; sewers are intended to be self-supporting. Mr. Frank observed that the hiked rates more than meet the anticipated deficit, but he was told that replacement and repair of the Township's elderly sewer lines must also be financed.

"Emergency situations have occurred since that budget was passed — especially in the Red Hill area," explained Committee member Harry J. Vohwieder, and indeed later in the evening, Committee introduced an ordinance appropriating \$9,150 to replace 620 feet of Red Hill Road sewer. Camera studies have shown breaks and loose connections in the line. Public hearing May 28.

Committee passed the sewer rate increase unanimously. It is retroactive to January 1, 1962.

**Rentals in Re-Inspected.** Committee proposes to amend its Housing Code to require inspection of all rental units between tenants. A tenant could not move in unless the premises had health department approval. Committee member Burton Peskin stated that the Board of Health had requested the ordinance. The board has been

Under pressure for the past year to stiffen its rental inspection procedures. Under present board policy, the health officer makes spot inspections. Public hearing on this ordinance May 20.

The anticipated resolution joining the Township to the Housing Authority in the Borough only made it half way. Committeeman William L. Wilson announced that Federal housing authorities in New York had asked for a change in the language of the resolution.

Committee introduced the resolution — which gives the Princeton Housing Authority power to act for the Township — then tabled it until lawyers can agree on the final draft. Mr. Wilson said that Thomas Cook, counsel for the Housing Authority, and Mrs. Karen Slaby, its executive director, both agree on this procedure.

Mayer Carl C. Schaefer, it was announced, will appoint a committee to prepare the "workable" program that is required before the Township can tap Federal funds.

Thirteen Princeton architects have answered the Township's invitation to design a new Township Hall, and interviews will be held next week, Mr. Peskin announced.

Ralph Mather, president of the First National Bank of Princeton, was named to the board of trustees of the Princeton Public Library, succeeding William Marvel who resigned when he was elected to the Princeton Regional School Board.

Four drainage projects costing \$14,200 were ordinated. Harry's Brook will be widened and cleared and various culverts re-worked. Property owners will not be assessed. Committeemen said this was the first step in a Township-wide project to improve drainage. "We hope to do several each year," remarked Administrator Joseph R. Nini.

#### CAMERA IS STOLEN

Total Value: \$1,150. A 35mm camera, several lenses and assorted accessories with a com-stolen last week from room 195 of the Graduate College. Police identified the owner as Duane F. McClure.

Assorted silver trinkets worth \$200 in a box left on the front seat of a car owned by Mrs. Porter Lea, 92 Stockton were stolen between 10:30 and noon Saturday. Mrs. Lea told police that she had parked her car on Edgehill Street. A front vent window had been forced open, police said.

A television set was stolen during the weekend from the apartment of Mrs. Daisy Lee, 25 Clay Street. Mrs. Lee had left the day before for Virginia.

Police said a rear screen door had been cut and a pane of glass over the rear door smashed to gain entry. They will check with Mrs. Lee when she returns to see if anything else was taken.

In the lone theft listed by police during houseparty weekend at the University, a tire and wheel was stolen from a car parked in the lot behind the Quadrangle Club. Thomas Trevis of 1915 Hall, the victim, told police the car was owned by his father.

# THE COUNTRY'S GOING BACK TO THE PEOPLE

A DOLLAR AT A TIME

A Political Machine is made mostly out of power, money, and people with pull in the "right" places. The Machine tries to head the American Voter a candidate and say: "Here he is. Elect him."

It's too easy for us voters to get passed over by the Machine... we don't usually have the power or the money

For the first time in most of our lives, we have a candidate without a Political Machine. Eugene McCarthy has no men in the back room. Eugene McCarthy's support comes from homes and consciences like yours, and like your neighbors across the street and across the nation.

McCarthy's campaign hands don't come from the personal millions of a few men; they come from millions of concerned Americans a few dollars at a time.

A Volunteer in New Jersey said that McCarthy's campaign was running on a "Cookie Jar" budget. That's where most of the contributions come from. A nickel, a dime, a dollar at a time.

You can vote for the McCarthy Delegates in the June 14th New Jersey Primary Election. And you can do something almost as important: you can contribute. Your dollars will help put political power back into the hands of the American Voter, where it belongs.

Contribute today. You'll be giving the country back to the people.

**THREE GIRLS BRUISED**  
When Car Leaves Road. The visit of three 17-year-old Trenton girls to a party at the Quadrangle Club ended spectacularly at 12:50 Saturday morning when their car jumped the curb of Stockton Street and tore up trees, shrubs, plants and a fence on the property of Richard Ettinghausen, 24 Armour Road. Lacey Cantwell, the driver, was treated at Princeton Hospital for abrasions, as was Barbara Wolfgruber. Kathleen McDermid received abrasions and was x-rayed for possible back injuries. Their 1966 car was described as a total loss.

Miss Cantwell told Ptl. Arthur Jackson she was going around a curve when she stepped on the gas as she was told to do and lost control. She estimated her speed at between 45 to 50 miles an hour. She was ticketed for careless driving.

After jumping the curb near Hibben Road, police said, her car went up a 45 degree bank and through a wire fence. Nine feet of a one-inch pipe frame of the fence went through the car's windshield and out the rear window. Continuing on, the car side-swiped a three-foot diameter tree, knocked down two smaller ones and finally came to rest when the front struck a seven-inch tree. Police said the car traveled a distance of 135 feet after jumping the curb.

## KEY LEFT IN LOCK

And Purse Stolen, Mrs. Colleen C. Benton of 294 C Harrison Street reported to Township police Sunday the theft of

her pocketbook which she valued at \$25.

Mrs. Benton said that she had left her home at 7:15 p.m. to go out for dinner and had forgotten to remove her key from the door. When she returned at 9:35, the purse she had left on a living room couch was missing. Ptl. Mario Musso investigated.

Township police are investigating malicious mischief at a home being constructed at 366 Gallap Drive East by the Bucci Construction Co.

Mel Boyd, a foreman, reported that five 3x3 windows were totally damaged and 27 panes of glass were broken. All but two were located in the rear of the house. Total damage was estimated at \$300. Police believe the windows were broken by juveniles using boards from the outside. There was no sign of forced entry.

## TWO ARE FINED

In Township Court. Two Princeton residents were fined last week by Township Magistrate Glenn B. Miller Jr. William J. MacLean, 21, 150 Snowden Lane, paid \$25 for careless driving. Edward Gibson, 47 Locust Lane, was fined \$10 for allowing his dog to run loose on school property in violation of a Township ordinance.

Magistrate Miller suspended a fine and court costs against Marvin R. Blumenthal, 71 Adams Drive, who was charged with failing to yield after stopping for a stop sign on March 16. An accident followed.

He based his decision on extenuating conditions of fog and obstructed vision. Mr. Blumenthal pleaded not guilty.

 robberies, and commented that New Jersey might experience a similar problem with its death penalty in light of the decision.

The death sentence was voided because the court felt it indefensible upon the defendant's choice to a trial by jury, because he would be placing his life in danger in choosing a trial. The defendant could avoid a possible death penalty only by pleading guilty and allowing the judge to impose a prison term, and the justice noted that self incrimination was contrary to the Fifth Amendment.

#### BUDGET IS SUBJECT

Of United Fund Meeting. Officers and trustees of the Princeton Area United Community Fund will meet Monday to hear reports from Robert Cawley, vice-president and budget committee chairman, and campaign chairman, Wilard Slinger.

The budget committee has completed a two-month study of the member agencies' proposed budget operations for 1969 and will submit its recommendations to the trustees, Mr.

Slinger will announce 26 dis-visional leaders for the forthcoming campaign.

Capital campaigns and a study of agency needs in the areas of new equipment, repairs and replacements will also be discussed. Fund officers and trustees number 100 volunteer men and women, representing all areas of business, professional and civic life in this area.

#### COMMITTEE FORMED

On Negro Studies, Princeton University has formed a faculty-student committee to devise ways to introduce additional course material on African history and the special problems of the Negro in American Society into its curriculum.

Announcing the move, President Robert F. Goheen said, "This represents a positive and significant step toward expanding our academic program in an area of critical interest to white students as well as black. It is important for all of us to gain better insight about an aspect of our heritage that has often been neglected."

The committee will be composed of five faculty members, four Negro students chosen by the undergraduate and graduate Negro groups at the University and two members of the University administration. Dr. William J. Baumol, professor of economics, has been appointed chairman.

**MANOR HOUSE ON LIST**  
For Mt. Holyoke Tour, One of the homes featured on the Open House Tour, sponsored by the Mt. Holyoke Princeton-Trenton Alumnae Club on Saturday, May 16, will be the residence of Mr. and Mrs. Paul Benacerraf, which is modelled after an English Manor House. Set in park-like surroundings originally part of an 118 acre estate on which it was built, the house has the traditional high pitched roofs, gabled eaves, chimneys, like the old Tudor and Jacobean baronial halls.

**ON THE HOUSE TOUR:** Mrs. Michael Mahoney, chairman of the Hostess Committee for the Mt. Holyoke College house tour, stands by the massive dining-room fireplace in the home of Dr. and Mrs. Paul Benacerraf. It is one of the homes selected for the tour as part of an architectural history of Princeton.

Inside are high-ceilinged rooms, massive fireplaces and windows of leaded glass imported from England, with an interesting variety of Spanish, Italian and contemporary American furniture.

For a change of mood, the tour offers "High Hollow," the airy, sunlit country home of Mrs. J. H. Mathew. Believed to have been constructed on foundations dating back to 1690, the main part of the house, built in the early 1820's of white painted shingle and native stone commonly used in early buildings of this area.

A library with a large semicircular fireplace was built in the 1930s, and major renovations were completed last year adding new windows and modernizing the kitchen wing. Various textures and colors can be found in the interior materials of the home, including oak floors in the main rooms, and a rich red quarry tile in the kitchen. The furniture is mainly Early American.

Tickets for the tour are available at 45 cents at Hinkson's, the University Store and Bainbridge House. They may also be purchased through Mrs. Robert A. Winters, 10 Adams Drive, or at the houses the day of the tour. Proceeds will go to the Development Fund of Mt. Holyoke College.

## BUSINESS In Princeton

### FIRE CENTER OPENED

By Pat Hunter, Pat Hunter's American Fire Center has opened at 98 Washington Road in a building formerly occupied by Richie's American.

For the past 10 years, Pat has been a Goodyear tire distributor. For the past 18, he operated the Atlantic Service station at the Penns Neck Route One Circle.

His new location next to the Princeton Swim Club will give him three times the amount of space he had previously for sales and service. He and two full-time mechanics will specialize in front-end wheel alignments, brake jobs and tune-ups. "All of the light repair work associated with smaller garages," Pat said.

A resident of Plainsboro since 1949, Pat was in the dairy business before he opened his service station. In the past 18 years he has built up a large following.

"I'm pleased the way they have followed me out here," he said. "At first, I was afraid it might only have been the brand that attracted them to me, but this hasn't been the case."

### MEDAL PRESENTED

To Dr. Zworykin, Dr. Vladimir K. Zworykin, 103 Battle Road, no honorary vice-president of RCA and a technical consultant at the firm's laboratories in Penns Neck, has received the National Academy of Engineering's 1968 Founders Medal.

The award honored Dr. Zworykin for his invention of the iconoscope, the first practical television picture transmission tube, and also cited him for "his role in developing the first commercial electron microscope in the western hemisphere, his leadership in promoting the cause of traffic safety through the imaginative concept of an automated electronic highway, and his commitment in working tirelessly

to bring about a union of electronics and medicine."

A native of Russia, Dr. Zworykin joined RCA in 1929 as Director of the Electronic Research Laboratory, first in Camden, and after 1942, in Princeton. He was elected vice-president of RCA in 1947, and retired in 1954. Shortly thereafter the company's board of directors elected him an honorary vice-president—the first such appointment in the firm's history.

NAE was established in 1959 by the 25 original members of the Academy to honor outstanding contributions by an engineer both to his profession and to society. Dr. Zworykin has from various universities professional societies, and scientific organizations.

## SPORTS In Princeton

### RUTGERS POUNDS TIGERS

For 7-2 Victory. The long season Princeton's baseball team (now 8-14) is experiencing had another nightmarish chapter written into it at New Brunswick as Rutgers rolled to a 10-2 victory. It was the second one-sided triumph for the Scarlet nine over the Tigers this spring.

Mike Fremuth was the principal victim of the rout, working six innings before sophomore Bob Wolff came on. Rutgers' dozen hits were hyped by six Princeton errors.

The Orange and Black scored its two runs in the top of the first, but the home team drew even immediately and forged ahead steadily thereafter. Princeton's quiescent attack was limited to six hits.

### Other Sports On Pages 40-44

### PHS SWAMPED, 14 TO 2

For Seventh Defeat. A six-run second inning provided Steiner's baseball team with all the momentum it needed to steamroller Princeton High School Tuesday afternoon. The 14-2 defeat was the Little Tigers' seventh of the spring against four victories.

The loss was none the more palatable because the winning pitcher, Dave Owens, had just been promoted to the Steiner varsity from the jayvees. He scattered six hits, struck out eight and had a 9-0 lead before he yielded run. Jeff Shinkas was the losing PHS pitcher.

### PEDDIE 4-1 VICTIM

OF PHS Tennis Team. Princeton High School defeated the Peddie School tennis team here Monday afternoon, 4-1. It was the Little Tigers' eighth consecutive victory.

Bobby Sonnenschein lost his first set in the number two singles, 1-6 but came back to take the second, 6-4, and the match. Billie Liederman, number three singles, followed suit. He dropped the first set but rebounded to take the next two. John Panzer and Scott Raum won their doubles while Mike Skithman, filling in for the injured Ted Ford, teamed with Billy Carroll in the number two doubles.

Peddie wins in Lacrosse. Peddie was more successful, however, in lacrosse. The

The session was part of the "Job Fete" for Princeton young people, sponsored by the John-Witherspoon Civic Association and the Y.M.C.A. Young applicants will find out how they did at an evaluation session this Sunday.

Volunteer interviewers were Joseph Blando (Western Electric), Chas. Hurford and Paul Kirkwood (RCA); Mrs. Richard Rowe (Opinion Research Corporation); Robert Cunningham, Princeton University; Larry Witham (Dow Jones); Theodore Reed (The Gallup Agency); Harold Miller (N. J. Neuro-Psychiatric Institute); Murray Reich (Princeton Chemical Research); A. O. Campbell and Mrs. Sylvia O'Neill (YWCA).

So far, the "Job Fete" has 123 young registrants, and 20 applicants who are finishing up their application forms. New firms joining the "Fete" in making jobs available are American Cyanamid, Princeton Bank and Trust, Western Electric, Shell Chemical, Point-of-Woods and K.M. Light Real Estate.

Wilbur Williamson, assistant director of the Princeton Youth Center, and Kenneth E. Michael, Principal of Princeton High School, are identifying young people who need help in finding jobs, and are also keeping parents informed about ways they can help.

## News Of The CHURCHES

### PLANS IN FLUX

For Poverty Marchers. An estimated 200 Poor Peoples' Campaign marchers are expected to descend on Princeton Monday on their way to Washington, according to Rev. Kenneth S. Dannenbauer, president of the Pastors' Council. The group will be the overflow of the marchers from the northeast who will be accommodated overnight in Trenton.

"We are trying to use a facility where everybody will be under one roof, or near to each other," he said.

Church basements will provide housing, it was announced Monday by the Princeton undergraduate coordinating committee of the Informal Citizens Advocating Action. But late Tuesday, Roy Smith of the student ICAA said, "We are not sure we will be using the churches. We may be using clubs." Other University facilities are being explored in a last minute effort. Compounding the dilemma of housing is the uncertainty of the 200 figure, and the need to provide meals for the marchers during their overnight stay. The Mercer Street Friends' Center, Trenton, is being used as a drop-in center for the Southern Christian Leadership Conference, instigator of the poverty march.

Fall Facts Lacklog. "It's news to me," Mgr. Edward Henry of St. Paul's said Tuesday when questioned about housing, "but any other committee would come to me. I'm sure we could work out something." The agreement came from the Rev. Harry L. Lauer of All Saints' Chapel. The Rev. James Westmore of Trinity. "There's no solid information to go on," said his church positively disposed to help "but nobody has mentioned it to us."

In other ICAA action this week, a rally was scheduled for 8 p.m. Wednesday evening at Princeton High School, featuring Dr. Carl Fields of the Bureau of Student Personnel at Princeton as speaker. A caravan of 300 Princeton households for "marching money" will be held this Friday and Saturday, manned by University students.

"We Urge . . ." Also, the ICAA obtained a co-signed letter of endorsement from Borough Mayor Henry S. Patterson and Chairman Carl C. Schaefer of the Township Committee. The letter will be mailed with a fundraising brochure this week to Princeton businessmen, according to Dave Wheeler, chairman of the IACC coordinating committee. Sunday's benefit concert netted "nearly \$700" he said.

The Rev. Mr. Dannenbauer, acting as liaison with the IACC, sent a letter to the pastors Tuesday alerting them to the schedule being set up. Plans also include "College Day" on May 27 when students will go to Washington, and May 30 "Everybody Day" when supporters are scheduled to take part.

Since constructing the poverty shack on Palmer Square last Sunday, the handful of students in the ICAA have been planning with an awesome concentration of energy, mounting pitfalls (the University donated its cots to Newark, lack of contact with the churches), foreseeing emergencies ("Maybe we'll need to set up a baby-sitting service for the townspersons who want to go") held meetings and tried to plan for an unknown number of marchers. "I really don't believe this group," a resident said after an ICAA impromptu meeting Monday. "This is the kind of thing that you think they should have started three months ago . . . but it just may work out!"

### TO HEAR DR. DUBOS

At Unitarian Church. Dr. Rene J. Dubos of Rockefeller University will speak on the "Potentialities of the Human Man" at the 11 a.m. service Sunday in Princeton Unitarian Church.

His latest book, "Science and Human Affairs," based on a series of lectures delivered at the 20th anniversary of the College of Physicians and Surgeons of Columbia University. His book, "The Reason: Science and Utopias," was published in 1961 by Columbia University Press.

Born in France, Dr. Dubos is a graduate of the Institute Nationale Agronomique in Paris and holds a Ph.D. from Rutgers. In recognition of his distinguished career in biology and medicine, he has received six honorary Sc.D. degrees and an honorary M.D. degree from institutions which include Rochester, Harvard, Rutgers, Paris, Dublin and Liege, as well as a number of decorations and medals from scientific and professional societies.

### EVENSING AND CONCERT SET

At Trinity Church. The 35-voice Choir of Men and Boys of Trinity Episcopal Church will present Vivaldi's "Gloria" following 7:30 p.m. evensong this Sunday. James Litton, organist and choirmaster, will conduct.

The concert is part of a May Festival of Choral and Organ Concerts at Trinity parish. The choir, modeled after English Cathedral choirs, was reorganized four years ago by Robert Hobbs, then organist and choirmaster. The choirs are members of the Princeton community. Students from Westminster and Princeton University form the choir men.

Mr. Litton, formerly organist and choirmaster of Christ Church Cathedral, Indianapolis, is a Westminster graduate. He joined the staff at Trinity last January.

REAL ESTATE**  
A LIVING AND GROWING INVESTMENT  
That is the remarkable potential in this fifty acre farm. For old house lovers there is more — a double living room, four bedroom farm house, newly brought up to date. Plumbing, heating, wiring and both have all been redone. Also the beamed, paneled country kitchen with its own brick fireplace (winter barbecues, anyone) is a housewife's dream.  
For the family who wants comfortable living, with space for children both indoors and out, a horse or two in the roomy old barn, the chance to play square without the effort of real farming, and the possibility of selling off the back land for future profits, this, our newest listing, is something to see and seriously consider.  
Not cheap, but how often can you find property that has both country charm — and real investment potential?  
—A complete selection of homes in all price ranges—  
in Princeton and nearby areas.  
Our listings, as those of all New Jersey Real Estate Brokers, are subject to open bidding.

We have trained, competent technicians with years of experience in their profession to back that statement.

And most of all, we have many satisfied customers . . . which is, after all, our ultimate goal!

## The Devonnas: Flyin' Right and Straight Up

### Princeton Girls Sing Their Way to Success

They've known each other since they were five years old in a Princeton kindergarten but they weren't wearing silver jump suits in those days.

These days, the three girls sink into the group suits, reach for the maracas and, for an increasing number of pop club audiences, belt out their own happy blend of rock, blues, pop and folk — with some ballads thrown in.

They're the Devonnas, of course — who else? Michael and Johnnie Hill, the twins, and Louise Stephenson.

Sometime this month, RCA will release the record they cut in Chicago in April, "Straighten Up, Fly Right," with the flip side, "Don't Gettin' Up."

Later in the spring, the Devonnas will be off to Europe for a 15-day singing tour of seven countries, and New Mexico is in the bookings, too.

Already they've played night clubs, private clubs, teen hops, fairs and conventions all over the New Jersey-New York area and into the wilderness of Long Island and Boston, Mass. They've played the campus at Wesleyan University in Connecticut and Princeton University down in Jersey. Their current Princeton campus activities, however, are confined to dating.

Up Tempo! "Everything very fast — that's the way we sing!" They say they do "Land of a Thousand Dances" twice as fast as the record.

That's the way they talk, too. Fast, high, light and silver, with no particular spokesman, and sometimes everybody talking at once, the way they sing.

"We like to do songs that are mostly done by the male singers, like 'Tempest,' but we do them fast!"

The three Devonnas (the name is a derivation of "di-

vine" have been singing to each other since they were at Princeton High School, four or five years ago. Once they were five, but the other two dropped out last year.

Lately they've added individual dances to their act, and hits like the splits and some work with tambourine and maraca. Maybe a guitar later.

**MICHAEL, LOUISE, JOHNNIE:** These are the three Devonnas, newly on an RCA record, about to leave for a seven-country tour of Europe — well, what else is there! Michael (ill), Louise Stephenson and Johnnie Hill have been singing together for four years — one-fifth of their lives.

Louise does a Karate and Johnnie does The Bird. Mention of The Bird sends them off into a silver stream of laughter again (not giggles—they're too old for GIGGLES). "You have to see it to believe it," says Michael, and shakes her head.

It's Ours. Everything they do, they work out themselves — choreography arrangements, amusing bits like a slow-motion where they stop in the middle of something very fast, and go it slow.

Sometimes the "house bands" they work with in various night clubs are caught short by that slow-motion and stop entirely. "We never have enough time to rehearse with a band..."

Routines are developed and rehearsed from early evening until around 1 a.m., either at the Hill's house at 118 Leigh Avenue, or at Louise's home at 72 Clay.

"And our neighbors are great! We've never had any complaints — they're really great!"

A Show for Prisoners. Although they've played The Gold Bug in Greenwich Village, a two-night stand at Palisades Park (The Supremes are on that program, too), the McCarty Rally in Trenton and an engagement at the Echo Lounge outside Boston, the show they really remember and love to talk about was a show for the young inmates of the boys' prison on Rikers Island.

A worthless feeling is hard to live with. But a useful life is a possibility now. The Bible tells us we're important to God.

"There were 1,800 guys there — the young prisoners, only about 14 to 18 years old, and the curtains parted and there was this huge audience of young boys. Well — the prison officials had asked us beforehand to 'hold back on the shaking,' but we figured we were there to entertain these boys and we didn't change a thing. They loved it! And afterwards, the man

in charge said to us 'I'm glad you came — you know some groups are afraid to come...'

Ambition? Sure! "But you get these wild crowds! And there is the laughter again. They'll come right up on the stage in these smaller places, sometimes kiss us and sometimes you have to fend them off."

Helping to fend them off is Mrs. Barbara Hill, mother of the twins, who travels everywhere with The Devonnas as chaperone.

She also designs and makes their costumes: the silver shifts they're wearing in the picture with this article, a costume that mixes orange and yellow and an orange-and-yellow boot to match, and a red jump suit and a silver jump suit.

She taught them stage make-up, too.

What's their ambition? "Vegas!" "The Copa!" "Make a million and buy mother a house!"

## News Of The THEATRES

**READY TO SAIL!**  
"South Pacific" This Thurs-  
day night is the night—"South  
Pacific," 1968's contribution to  
the annals of the Princeton  
Junction and Back Players,  
will open at McCarter Theatre.  
It's a 7:30 opening night  
curtain. Then the 8:30 time  
reunites for performances this  
Friday and Saturday. A family  
matinee Saturday at 2:30 will  
accommodate members of the  
audience for whom 8:30 is bed-  
time.

Milton Lyon has directed a  
large cast of Princeton resi-  
dents plus a few Triangle un-  
dergraduates. Robert Edmonds  
has designed for the McCarter  
stage a lush plantation garden  
(it belongs to the French plan-  
ter Knute de Beque, you will  
recall) and a hut, sandy beach  
on a lonely island, among  
other things.

Clyde Blukley is the produc-  
tion director. Musical accom-  
paniment for the Rodgers and  
Hammerstein songs will come  
from two pianos and an organ  
played by Peter Wright.  
Gladys Richards and Mr. Lyon  
know. As everyone must surely  
know by now, the leading roles  
in "South Pacific" are played by  
Enid de Beque, who is going to  
be played by Anne Sheldon and  
Jack Lanning. Greg Farrell  
is coming back to play Luther  
Billis and Stuart Duncan is  
returning to portray Captain

Columbus Boychoir rehearse for "The Golden Vanity,"  
to be presented May 17 at McCarter Theatre. The pirates  
include (from left to right) Sando Balough, Stephen Man-  
telli, Donald Brearley and Timothy Locke.

Boychoir will present the U.S.  
premiere of a one-act costumed  
opera by Benjamin Britten,  
"The Golden Vanity," at 2 and  
8:30 p.m., Friday, May 17,  
at McCarter Theatre.

The plot of the opera in-  
volves two pirate ships in con-  
flict over a golden treasure.  
One ship is eventually sunk by  
the cabin boy of the rival  
vessel.

Special group rates are  
available for the perform-  
ances. Tickets are now on sale

**"THE RED DESERT"**  
Ends Film Season. McCar-  
ter's regular film season will  
end next Wednesday, May 15,  
with a single showing of "The  
Red Desert," at 8 p.m.

The Antonioni film was  
named "Best Picture" at the  
1966 Venice Festival. It was  
Antonioni's first experiment  
with color, and was commended  
by Time Magazine as  
"worth seeing for its use of  
color alone." Antonioni's  
most beautiful, most simple  
and most daring film.

**"NEW CINEMA" ENDS**  
With 11 Films, "The War  
Game," Peter Watkins' contro-  
versial film made in 1966 for  
the British Broadcasting Cor-  
poration but never shown,  
will bring to a close McCar-  
ter's "New Cinema" series.  
The final program in "New  
Cinema" will be shown next

Monday at 8 p.m. and 10 p.m.  
in McCarter.  
The Watkins' "documenta-  
ry" imagines what would hap-  
pen in a western nation un-  
der nuclear attack. The BBC  
refused to show it on home  
television. Too terrifyingly  
realistic" and has refused to  
release the film to any tele-  
vision station anywhere in the  
world.

McCarter has also signed up  
Bruce Baillie's "Gymnasts,"  
Tad Makarczyński's "The  
Magician," Fred Mogubgub's  
"Pop Show," Stan Vander-  
beek's "Computer Art" and an  
Andy Warhol sampler from his  
early experiments with film.

Also "Son of Dada" by Rich-  
ard Preston; "Amphetamine,"  
by Warren Sonbert; and "Tar-  
antella" by Carmen d'Avino.  
Two other short films, as yet,  
unselected, will also be shown.

will be presented Friday at  
8:30 p.m. in the school theatre.  
Drawn from the class study  
of Shakespeare and Elizabeth-  
an London, the play centers on  
the rivalry of two leading act-  
ing companies, as one tries to  
pirate the script of "Romeo  
and Juliet" from the other. It  
is set in London.

the eighth grade, is led by  
Susan Scroby, Hope Miller,

## IT'S NEW To Us

**6,000 UNDER GLASS**  
Square Feet. That is, a square foot under glass sounds like an accident report, but we're speaking of the 6,000 square feet of space now under a well, finger-glass — at Peterson's Farm Market on the Lawrenceville Road. This is a new location for the market, as you probably know by now. It's just a few feet along the road from the old location, however, so you really can't miss it. Besides, all you have to do is sniff the wind for the scent of flowers, and there you are.

Everything in this new greenhouse is growing right there — either on the tables, on the floor under the tables or on the shelves. Mr. Peterson eschews such lousy-duddy growing media as dirt. He grows his plants in an artificial medium made from a formula combining the best advice from Rutgers, Cornell and the University of California. Success? All you have to do is look. And stand well back or you'll find a fast-growing begonia catching you in the eye.

Begonias, in fact, are a Peterson specialty along with geraniums. You'll find both tuberous and seed begonias, and the tubers are either hanging or planted, in every color you ever heard of. Pink double begonias have that characteristic bronze leaf. Incidentally, we speak of hanging baskets — Peterson has them ready to go, or will make one up to your own pick and choose. Prices start at \$2.95, and climb from there. Mr. Peterson also likes to plant redwood tubs or redwood wheelbarrows, either to your order, or with a mound of geraniums — that's what we saw.

Inside this huge new green-

**READY FOR A DIP?** This young Narcissus is admiring himself in the pool of a portable fountain at The Cummins Shop. The all-weather fountain is \$110, and the shop has arranged \$40 worth of fake greens in the planters around it. You may buy the fountain alone, of course, and do your own green-thumbing. Sounds nice on a hot day, that gentle splash of water.

house, lustrous with color from blossoming plants on a sunny day, the sun filtered through the fiberglass, you wander along the aisles, peering beneath the tables to see flats of little petunias earnestly growing, and then scanning the tables to choose one of the 20 varieties of geraniums or perhaps one of the vegetable plants for your kitchen garden.

Among these geraniums, by the way, are Martha Washington, Ivy geraniums and a four-pock with four of the starlied plants you could imagine, for \$1.50.

Vegetables, did you say?

Yes, here are Rutgers tomato plants, and plum tomatoes, and peppers and sweet and herbs! Plant savory or thyme. Fill your kitchen garden with parsley and sage, sweet marjoram and borage with a border of lavender. All are ready to buy, seedling style.

Vegetables themselves will

be for sale this year as before, as the season moves a long. Starting this weekend, you can buy strawberries and tomatoes up from the south, and local produce as it comes. And to help your own along, Peterson's has humus, fertilizer, peat, insecticides and fungicides, mulches and containers. But nobody will give away the secret of that non-dirt plant formula!

The market is open from 9:30 a.m. to 8 p.m. seven days a week.

**ON THE BEACH**  
With Sand Molds. They take sand, at The Cummins Shop, and pour into the sand mold something called "Armetale." Well, they don't actually do all this right here on Nassau Street, but somebody, off in Pennsylvania we hear, does this, and sends the platters and trays, open serving dishes and perennials and such, to The Cummins Shop for display and, even, sale.

IN THE HEAT OF NIGHT, which won the 1967 Academy Award as the best picture of the year, is at the Princeton Playhouse this week, starring Sidney Poitier, laborer, with Lee Grant as the wife of the murder victim, and find Steiger.

#### PLAYHOUSE

In the Heat of the Night (now playing) returns to Princeton carrying five Academy Awards, among them "best picture," best male performance (Rod Steiger) and best script.

It is a well-acted thriller, with Poitier as the Negro detective from California and Rod Steiger as the bigoted Southern sheriff. Their turbulent relationship lifts the film out of the familiar format for detective stories.

#### NEW STRAND

The Bank Dick and Never Give a Sucker an Even Break (now thru Tues.) Two W. C. Fields' comedies return to give us a nostalgic look at one of the great comedians. In addition to starring in the roles, Fields wrote the screen plays for them under various pseudonyms.

Universal Films gave Fields an absolutely free hand for "The Bank Dick," by far his best film and one of the great comedy classics of the American screen. In this film, Fields was 30 years ahead of his time, creating a movie here totally unconscionable and un-

generate who reaps every visible reward. The story line slices reduction into words. "Never Give a Sucker an Even Break" is an especially applicable title, since Fields successfully collected \$125,000 for acting in the film and \$25,000 for writing it (without counting a single line to write).

The opening scene shows Fields himself outlining his original story to the producer in the presence of the leading man and the ingenue. As he explains that the action begins in a pool hall with the ingenue wearing a false beard, they appear to lose interest, and Fields wanders off to pick up his small niece whom he had left for safe-keeping in a shouting gallery.

Closely Watched Trains (starts this Thurs.) The railroad station in a rural Czechoslovakian village is the main setting in a tragic-comic story of World War II. The film was shown with considerable success last fall at the Czech Cinema Festival sponsored by Lincoln Center and the Museum of Modern Art.

When not engaged with his small duties, an apprentice to the stationmaster is engrossed with the love affairs that seem to be going on all round him. He listens and looks with shamed awe as the train dispatcher makes howdy remarks about women and has great

### Discrimination Denied

To the Editor of Town Topics:  
Following is the text of an open letter to Township Mayor Carl C. Schafer:

Last week, at your public meeting on human rights, one of our members charged that the Princeton American Sportsmen's Club had refused to allow the use of our club house to citizens of this community because of their race. We are a private club and we operate as our membership wishes, but nowhere in our constitution nor in our administrative policy do we allow any standard of approval other than the user's sense of responsibility and honesty.

During the past ten years that our clubhouse has been built, many community groups have held meetings and affairs there that were racially mixed. Among these were Princeton High School Reunions, Citizens Housing Commission, Princeton Community Housing Corp., Princeton Regional Teachers Assoc., Labor unions, primary and general elections, Princeton University Faculty Assoc., and the Central Jersey NAACP Annual Dinner, etc. This is more than many other private clubs in the area can state.

We have joined with many other organizations in the Princeton area in an attempt to improve the lot of our less fortunate citizens regardless of their ethnic background, religion, or race. In some areas the community has accomplished

a great deal. In others it has not. We cannot deny that there may exist among our membership some who practice discrimination, but it is not a policy of our administration. We also have suffered from discrimination and we meet it every day in our work, schools, churches and on the streets. We have and we will continue to fight bigotry where and when we face it, whether it be because of a man's foreign sounding name and speech, his religion, or the color of his skin.

JOSEPH A. TOTO,  
Chairman Board of Directors

### 206 Status Amplified

To the Editor of Town Topics:  
In your most recent publication, you included a letter from Mr. Charles J. Freericks concerning the future status of Route 206 as it passes through the Princeton area. It might be of interest to your readers to have the following information which has been sent to Mayor Carl Schafer and Mr. Freericks.

There is nothing in the current State budget or in the budget for the year ending June 30, 1969, which concerns this project. Commissioner Goldberg's \$1.2 billion construction program shows the dualization of Route 206 from its junction with Route 27 (Nassau Street) to the intersection of the Route 92 Freeway as a second priority item. It shows nothing for Route 206 south of the Battle Monument. If Commissioner Goldberg's entire proposal is accepted, I imagine that it would be at least seven or eight years before second priority items are implemented. The term "dualization" involves construction of a divider separating the traffic lanes and, of necessity, will require a widening of the road.

WILLIAM E. SCHULTER  
Assemblyman, District 6A

### Undeserved Reward.

To the Editor of Town Topics:  
Countering the gradual erosion of Princeton's town scene, the renewed facade of the First Baptist Church is a generous gift to the community.

Driving east on Avalon Place to a wasteland of asphalt, parked cars and inprobable intersections, the motorist in whose honor the town has been laid waste is now offered the quite undeserved visual delights of cascading gables and fanning steps, all glimpsed through the light shifting screen of a grove of cedars.

Contributions to the Rev. Edward Smith and his congregation; also to George B. Johnson, architect; Matt Kauten, design consultant; and to Mollie Builders.

### Men Calpas?

To the Editor of Town Topics:  
Theologian Henry P. Van Dusen's letter to TOWN TOPICS of May 2 takes off from Anthropologist Ashley Montagu's recent statement. My commenting upon either of these intellectuals is a shining example of courage, that of the man who enters every hot bed of war unarmed.

It is the Great American Tragedy that their argument, for greater involvement in mankind, is still necessary. However, their inclusiveness, that all of us are fully guilty of all transgressions, everywhere is (a) suffocating, quires ground rules of academic logic and an intellect, their very articles show to nonexistent on this planet. When fully identified, the murderers of Kennedy, King and Kirihi Pfister, the Princeton bank clerk, are more than likely to be mental, and even more particularly, emotional devils — "screwballs." As any old line cop will say,

**TOWN TOPICS** will make every effort, based on space limitations, to publish up to 500 words of any letter on a subject directly affecting the Princeton area. Because of the volume of news which must be covered at the community level, letters on topics of a national or international nature cannot be considered. Letters to Mailbox should be typewritten if possible, double-spaced, and must be signed for publication. Those received later than Monday afternoon may be held for use the following week.

Crimes of passion cannot be eliminated.

Also, as Dr. Pipes of Harvard concluded, "if all guilty were collective... the natural consequence would be mutual collective extermination."

Perhaps all intellectuals could help us more by regarding as secondary the past classes of The South and South Africa and concentrating on the New York-Princeton-Trenton-Philadelphia axis. Perhaps our individual idiosyncrasies are not quite as restrictive to the furtherance of neighboring Negroes as is the action of large power organizations — belong. Until a better list is evolved let me suggest the following groups as representative of personal and job opportunities:

The Jewish church; the Protestant church; the Catholic church; the Republican party; the Democratic party; and the worst officers of the Labor Unions.

I believe that private jobs will be a greater boon to black and white than is moral flagellation. I for one, cannot be tarred with the brush of all of these agencies. And I oppose the New Jersey Legislature allocating one dollar for transporting private school children as long as persons repressed by race or socioeconomic conditions need society's help.

It is only because Mr. Spanel was unfairly criticized in a letter to the Editor written by Sheila Hatcher Jones that I mention here that it was Mr. Spanel who, unsolicited by me or any one in my congregation, voluntarily made it possible for me as the minister of this church, to comfortably travel to Atlanta in order that I might attend the funeral of our martyred Martin Luther King.

Additionally, and again voluntarily, did Mr. Spanel give \$1000 to the Morning Star Church of God in Christ to enable us in turn to write our Church's check to the Southern Christian Leadership Conference so that the Reverend Abernathy who succeeded Martin Luther King would know with confidence that he enjoyed the support of the support of the Negro people of Princeton for his is an enormous task and he needs all the confidence we can give him. Our church was not the only church that Mr. Spanel gave these sums to for that worthy purpose.

The future of this nation will only be as promising and as sound as the full sense of fairness, understanding and morality of the majority people toward our minorities, and certainly toward our Negro people who have contributed so much of themselves in helping to build America from the very beginning. My congregation and I knew the depth of Mr. Spanel's efforts in the public's interest of which 12% is Negro.

For this and much, much more we are grateful to Mr. Spanel and his work.

# We Can Make a Difference.

To the Editor of Town Topics:

For those Princetonians who believe Governor Hughes' program for New Jersey, predicated upon a graduated income tax, is a necessity, may I suggest each of us start a "seedling tree" to friends and acquaintances across the state.

After writing to our own state senators and assemblymen (as suggested in last week's Town Topics) each of us could telephone five friends urging them to contact their own legislative representatives. These five in turn would contact another five and hopefully, we would soon have a chain of concerned citizens working on this important issue.

President John F. Kennedy once said: "We should all do something to right the wrongs we see and not just complain about them. One man can make a difference and every man should try."

Governor Hughes' has said the next 60 days will be crucial.

# "Why Cynicism?"

To the Editor of Town Topics:

Congratulations to those 100 or so Princeton High School students who Friday, April 26, marched from a forum in the high school to a demonstration on Palmer Square in order to express their convictions concerning the war in Vietnam and racism at home. Where one could have expected cynicism one found instead the opposite: a display of conviction and an eagerness to engage the "system."

Why cynicism? Even a brief survey of national, local and school "paradoxes" could hardly lead one to expect otherwise.

Why, for example, does the President, who says, "he will go anywhere, do anything etc. . . . spend weeks and weeks haggling over a site for talks about talks?"

Why does the Mayor support low income housing, but not, of course, in "your backyard?"

Why was a meeting of hundreds of Princetonians held last week to discuss racial problems in the high school without those issues ever being specifically confronted.

Why do some high school administrators responsible in part for the transmission of our cultural heritage, including freedom of speech and diversity of thought, take great effort to thwart such expression, even to the extent of systematically tearing their students' announcements from the bulletin boards?

Why does a history department whose objectives include educating for responsible citizenship retreat from examination of crucial and contemporary issues when they are also controversial?

Why did a high school principal choose to ride with police officers rather than walk with his own law abiding students during this demonstration?

**COURT DISSOLVES TRUST**  
After Plea By Johnson, Trust of Seward Johnson Jr., a New Jersey Superior Court Justice has ruled that the \$18-million trust fund established by his father, John Seward Johnson, in 1949 can be dissolved. Mr. Johnson had asked for termination of the trust "to solve the problems in my life."  
In its place, Associate Justice Frank J. Kingfield, of the Mercer County Chancery Division, ordered a new trust be established to protect the interests of the original trust's beneficiary, Mr. Johnson. His present wife, the former Miss Joyce Harton, and their 18-month-old son, John Seward Johnson III.

Mr. Johnson asked for dissolution of the trust because he said "he was concerned what might happen in the event of his death, first alone that any will of his might be contested by the children of Barbara Johnson, or, if he died in a common disaster with his wife and present youngest child, that he would not want to see the principal of his trust go to the children of his former wife since he no longer has any feeling of affection toward them."

His first marriage to Miss Barbara Klein ended in divorce in 1965. In a court settlement, stocks of Johnson & Johnson valued at more than \$11 million were turned over by Mr. Johnson to his former wife.

Mr. Johnson went on to testify that "he did not want any more litigation since he had had six years of it, and that he did not consider the children of Barbara Johnson his children."

Justice Kingfield noted that the "language in the trust instrument clearly gives the trustee the power to terminate the trust whenever in their 'absolute and uncontrolled discretion' they deem it to be the just interests of the life beneficiary."

The court added: "Admittedly, he is no longer bound to the children of Barbara Johnson, and to eliminate possible future litigation, and to close a chapter in his book which he found an unpleasant one, certainly seems to me to have some basis of arriving at a meaning of what is for his best interests."

**ONE-ACTERS PLANNED**  
At Run School, "The Best of Hahababa" and "The Still A Larm," two one-act plays, will be presented by the Run School Drama Club Thursday and Friday at 7 p.m. in the Saks Auditorium on Edgerstone Road.  
In addition, a series of five scenes, unified around the theme, "Some Faces of Pride," will be presented. They will be done with a minimum of costuming and props, thus the need will be almost entirely dependent upon the actors.  
These scenes are from "Richard III," and "Henry V," by Shakespeare, "Cyrano de Bergerac," by Rostand, "A Man for All Seasons," by Robert Bolt, and "The Brothers Karamazov," by Fyodor Dostoyevsky. David Caine will direct.

**GRAPHICS AT 100**  
"Ready to Go" For eight years, Gallery 100 has offered top quality contemporary paintings, lithographs, etchings and sculpture to collectors of all budgets and tastes. During the next three weeks the gallery will show framed limited edition lithographs, signed and numbered by the artists.  
Of special enjoyment is a fine selection of graphics by a trio, Buffet, Godard, Bowman, Coudrain and Nino, all of which are beautifully framed and "ready to go."

**NEW SCHOLARSHIPS SET**  
At Stuart Country Day. Three new scholarships and a new Advisory Board were announced at Stuart Country Day School's annual Parent's Day Sunday.

Franklin A. Steele was elected chairman of the advisory board, to serve a one-year term. He announced three \$1,000 scholarships, one to be awarded to a Negro student in memory of Peter Hec Lewis.

**Racism a Target.**

To the Editor of Town Topics:  
In an article in your paper on Thursday, May 2, on the recent protest march in Princeton, you stated that the members were "members of the high school chapter of Students for a Democratic Society." This march was, in fact, neither organized nor supported by SDS, and as far as I know had no connection with that organization.  
You also said that it was a protest against the war in Vietnam, the draft and poverty. One of its primary goals, which you failed to mention, was to protest racism; and no mention of poverty was made by the protesters.

**Council's Action Appreciated.**

To the Editor of Town Topics:  
I have sent the following letter to Mayor Futterson and the Borough Council:

"Although I have received no official word, I do want to thank you for leaving unchanged the parking rules on lower Witherspoon Street."

"It is to the credit our representatives that they took a second look, further investigated the thinking of the people involved, and reversed their stand."

"There are no real answers to the traffic problems, and it is understandably difficult to decide what is best for the area and for the community."

"May I offer my personal sincere thanks for the reconsideration. My opposition to the proposed change, perhaps blunt at times, was based on consultation with the business, physicians and residents in the area and the petition campaign to give Princetonians a chance to vote on the issue. May I further express my appreciation to the Mayor for his comely objective and courteous handling of the matter; to the Engineering Department and the Council members who kept open minds during the reconsideration of this small unit of the master traffic pattern."

I would like also to use your column to convey my thanks to the many people who endorsed my efforts. I tried to thank each one personally for their support, both solicited and unsolicited, but I am sure I missed many.

It was very flattering to have so many laudatory notes sent to Council. Most of all, however, I have the extreme satisfaction of feeling that I must be right when I believe that the pharmacist is more than a merchant.

I'm sure that will never set records in financial circles, but it is very rewarding to find the hand of friendship extended by my fellow Princetonians, and to see the nod of approval for the "corner druggist" in the middle of the

**SWIMMING POOL FEES AGAIN:** The subject of pool fees at Community Park has surfaced again. Giving their opinion on a proposal to have property owners pay the operating costs of the pool are Mrs. Robert Dicke (left) and Mrs. Mary Ellen Smith, here selling chances on a new car to aid the Princeton Hospital Fete to be held June 1. (Staff Photo)

## Question Of The Week

**Question:** What is your opinion of having property owners here pay the operating costs of the Community Park swimming pools so that all Princeton residents can swim free all the time? (The owner of a \$10,000 house would pay \$7.50 more a year in taxes.)

Where asked: Nassau Street.

**Mrs. Mary Ellen Smith, 301 Prospect Avenue, housewife:** I think it's a fine idea if it doesn't escalate every year. — If it stayed at \$7.50, I wouldn't mind paying that much. But if it went up every year, I'd like to think about that.

**Mrs. Robert Dicke, 321 Prospect Avenue, housewife:** I think it would be good to have swimming privileges within everyone's reach. If this could be done by tax support to enable these in the Borough and Township of Princeton to use the pool and by payment of a very nominal fee to defray some of the costs, then would be in favor of such a program.

**Mrs. Phillip Golden, Kingston Road, housewife:** It probably would have been better if it had been decided in the beginning that there would be no fees. Certainly the pool should be for everyone — just like the library. Not knowing ahead of time, it creates a little bit of antagonism whenever taxes are raised. The idea is fine but how many things can the taxpayer continue to swing?

**Mrs. Lori Undergrave, Greenview Avenue, housewife:** Personally, since I'm a transient I'd like it, but then I'd be taking advantage of owners who already pay taxes. The thing is — would the pools be big enough if everyone came who wanted to? I don't think it would be as pleasant. There really isn't enough room, so I guess my answer would be "no."

**Mrs. Howard Eldridge, 48 Park Place, housewife:** I'm a property owner. I've never gone to the pool and I have a very nominal fee. I think because my mother has a pool several blocks away. So this is a cause for some thought. I still think it is probably a good idea because it's for the community. It's for the good of the community and I think the people planning on owning and living in Princeton should help keep it up. As long as it didn't get outrageous. — \$7.50 for a \$30,000 home is reasonable — and as long as they could assure only Princeton residents would use it. Why pay for people in Rocky Hill and Plainsboro?

**Mrs. T. M. Jackson, 104 Port Road, housewife:** No. Continue with the yearly fees. I think that would be fairer to those who use the pool rather than those who have no use for it. I think it is unfair to make

property owners pay for it when many of them will never use it.

**Mrs. William Wolfe, Bank Street, housewife:** I'd be in favor of property owners paying. So far the systems they've had for letting lower-income people in don't seem to be completely fair. If we have this in their own neighborhood and they can't get at it, I think it's sad. I think the pool should be in town — just like the hospital.

**Angelo Duva, 43 Oakland Road, construction worker for Matthews Construction:** I'm against it. I'm paying high taxes now and I don't use the pool. I'm paying between eight and nine hundred a year in taxes now — and they're going up this year! Why should I pay another \$7.50?

**Mrs. G. F. Grunish, Castle Howard Court, housewife:** Oh, no, no. I think it should stay exactly the way it is. I don't think the fees are that exorbitant. As I understand it, some people are admitted free or given season's passes to the pool who can't afford it. I can't see eliminating fees altogether.

**Mrs. Thomas Sitz, 231 Brookston Drive, housewife:** I'm in favor of that. I think that the swimming pool should be open to all the people in the community regardless of what their income is — particularly those who are less likely to be able to afford it since they're the ones who need a subsidized pool.

**Mrs. Paula Fowler, 256 John Street, cashier, Davidson's Market:** I think the people who use it should pay. Reduce the fees, perhaps, but don't make the property owners pay. They are paying enough as it is. A lot of them wouldn't even use the pool at all. It's not fair.

**Miss Melinda Woodward, 31 Patton Avenue, graduate student:** I think it's a good idea because if the community pays, the community will use it. I see no reason for them not to pay. If the burden is spread around I think it's equitable.

**Mrs. Amy Sharp, 20 Madison Street, teacher:** I think there is no reason in a town as wealthy as Princeton why there should be one person who can't use the pool because he can't afford it.

**Karl Stange, Hamilton Avenue, PHS senior:** If the additional tax were levied on me, I don't see how it would hurt anybody.

**Mrs. Charles Foster, Faculty Road, Magie Apartments, housewife:** Seven fifty or even fifty dollars isn't too much if it makes the pool used by those people who need the facility of a community pool the most. I'd definitely be in favor. I say this from the view that if I were a property owner and a taxpayer, I would still feel the same way.

## SPORTS in Princeton

### CREW WINS A BIG ONE

With Carnegie Cup Triumph.  
In another, far-off Olympic  
year, Princeton defeated Yale  
and Cornell in rowing to win  
the Carnegie Cup. That was  
1932, the Tigers making a  
strong bid later that summer  
to represent the United States  
in the Olympics at Helsinki.

Last week on the picturesque  
Housatonic River near Derby,  
Conn., Princeton won the Car-  
negie Cup again—a feat it had  
not accomplished in the inter-  
vening decade and a half.  
When its other entries took the  
remaining three races—jaysve,  
freshman and second fresh-  
man—the Tiger navy swept the  
river against the two highly  
regarded rowing colleges for  
the first time since 1941.

There was more icing on the  
cake for Coach Pete Sparhawk.  
The winning time of 5:39 is a  
2,000 meter course record for  
the river—to some extent be-  
cause it was the first time that  
distance has ever been rowed  
there. Nonetheless, the per-  
formance is an extremely good  
one and may stand up well  
against later attempts to break  
it. Affected by Long Island  
Sound tides, water in the Hous-  
atonic was moving down-  
stream at the time of the race,  
thus assisting the Tigers in  
recording a mark that is 15  
seconds faster than any 2,000-  
meter race ever rowed on Lake  
Carnegie.

Pete Raymond, captain and  
stroke, got his boat away to a  
start of 42, with Carrell at  
43 and Yale at 58. The im-  
mediate margin made much  
of the difference in the out-  
come, as the Orange and Black  
was never headed and defeated  
Yale by two thirds of a length.  
Somewhat surprisingly, Car-  
rell was third—a good two and  
a half lengths back.

This week in the Eastern  
Sprint Championships at Wor-  
cester, Princeton will again  
come face to face with reality,  
and rowing is enough of a form  
sport that, in spite of its ap-  
parently rare occurrence, the  
problem is that they lost earlier  
last season to Penn by two  
lengths, and further, that Penn  
was defeated last weekend by  
Harvard by approximately that  
margin.

Off the results so far this  
season, these three are ex-  
pected to dominate the scene,  
with Penn favored in the junior  
varsity and freshman races.  
The 14th crew of most ma-  
jor rowing colleges will also be  
at Worcester, with Harvard  
the choice here, too.

THIS INDIAN WAS DEAD, BUT SO WERE THE TIGERS: When this Dartmouth runner was cut down at the plate Thursday, the league-leading Indians were already ahead, 6 to 0. Catcher Arnie Holberg made the tag on a throw from second baseman Terry Young. TOWN TOPICS PHOTO by Rich Edwards.

INTERCOLLEGIATES, HERE  
At Springdale Golf Club,  
Princeton at 7 a.m. Saturday  
morning, rain or shine, the  
first threesome will tie off at  
Springdale Golf Club to launch  
play in the Eastern Intercol-  
legiate G-14 Association  
championship. The firing will  
continue until the last of the  
112 entrants from 16 colleges  
has completed 18 holes of med-  
ical play—an accomplishment  
that is sometimes achieved in  
rapidly gathering dusk.

The team title will go to the  
college posting the five lowest  
scores from among the seven  
players each enters. Penn  
State is the defending cham-  
pion, and logical favorite on a  
basis of its ability to win four  
times in the past five years.  
The Nittany Lions were win-  
ners when the tournament was  
last held at Springdale in 1964.

The 16 players with the low-  
est scores will qualify for the  
individual title. Elimination  
rounds of 18 holes each will be  
played Sunday morning and  
afternoon, with a 36-hole  
championship final set for Mon-  
day.

Top challenger to Penn State  
figures to be Princeton, par-  
tially off the home-course ad-  
vantage it will have but to a  
great extent on a basis of its  
thorough 61 trouncing of Yale  
here last weekend. The defeat  
ended a string of 38 consecu-  
tive dual-match victories for  
the club that dated back to  
1964. Harvard, too, is figured  
to be a title contender.

YALE-BALL GAME HERE  
Saturday at 2. Other than  
the ball game, the only varsity  
athletic event of the weekend here  
will be staged on Clarke Field  
at 2 o'clock Saturday when  
Yale's baseball team faces  
Princeton. The biennial meet-  
ing here is all that is left of a  
series that once featured three  
contests between the Big Three  
rivals staged before thousands  
of spectators.

Two league games last week  
found the Tigers doing a Jekyll  
and Hyde act, as they were in

top form while plastering Penn,  
11 to 5, and quilty of a thor-  
oughly mediocre performance  
in bowing to Dartmouth, 8 to 2.  
The triumph over the Quakers,  
credited to junior Mike Fre-  
muth who coasted home behind  
a 16-hit attack, gave the  
Orange and Black two league  
victories in a row, but the  
surge was short-lived.

It lasted only until defending  
champion Dartmouth arrived  
in town, the Indians wrapping  
up matters early with a three-  
run first and a 6-0 lead by the

end of three. Steve Cushman, victor over Brown four days before the Tigers conquered Penn. had all kinds of trouble with Dartmouth, leaving the scene after the visitors took charge of his pitching in the third inning.

The losers managed only six hits and did not score until the last of the eighth when they trailed, 8-0. Left fielder Don Lichty, two for four and two rbi's, continues to provide a bright spot in the weak Tiger offense.

**LACROSSE TEAM TIES**  
Barely hangs on to the Yale. Deep in trouble from the opening face-off, Princeton's lacrosse team very nearly lost to Yale Saturday on Campbell Field. The Elis do not rate as a contender for the Ivy title, and deadlock eliminated the Tigers from the 1968 chase, in which they had hoped to repeat as champions.

Yale took a surprising 3-0 lead and at one point in the contest, led by 7 to 2. The five-goal rally that forced was not completed until 50 seconds before the end of regulation time. Tex McLean's 20-foot shot finding the mark to send the contest into overtime.

Here again, the Blue took the lead but Bert Keidel scored

for the Tigers and the contest ended through two overtime periods to an 8-8 deadlock. It was only the second tie in a series that dates back more than three-quarters of a century.

Last Wednesday, Princeton had appeared to right itself after the upset by Harvard with an 8-1 triumph over Pennsylvania, but the tie with Yale and Cornell's victory over Brown put the Ithacans out of reach. The Tigers travel to Providence Saturday to play the Bruins.

### PLAYOFF HOPES DASHED

As PHS Nine loses, 3-2. After eliminating Cathedral from participation in the NJSIAA tournament last week, the Princeton High School baseball team suffered the same fate two days later when on Friday, Lawrence edged the Little Tigers, 3-2. The loss, number six in 10 starts, eliminated PHS from a berth in the annual post-season tournament.

Despite the loss, coach Harry Zoll's squad will be kept too busy to worry about what might have been. It will play back-to-back contests with Franklin next, visiting Franklin on Friday and entertain the same team here Monday at 3:45. Notre Dame will come to town Tuesday for a contest at 4. Wednesday the team was scheduled to host Lawrence.

Following the dictum of go

**TIGERS NEEDED THIS ONE TO TIE.** With less than a minute left and the team trailing, 5-6, Tex McLean (dark uniform, center) scored from 26 feet out Saturday to bring Princeton lacrosse team even against Yale. ing with your best in a must-first homer of the season. In game, Zoll started Thoni Yoder the first, a single by Yoder, a against Lawrence (8-4) Friday, walk, a double steal that did just two days after Yoder had not even draw a throw, an error the Little Tigers alive by counted for Princeton's first two runs.

Cathedral had scored once in the first and three in the third. The loss was its fifth in nine games and with it went elimination from the NJSIAA journey.

But the damage had been done, because PHS was unable to reach Lawrence's Chet Caplicki, who fanned 12 Little Tigers in picking up his fourth win in six starts. He faced PHS coming off a one-hitter against Hopewell Valley. Caplicki's string of zeros ended in the last inning when he lost his shutout—and almost the game. With one down, Nick Arcaro, pinch-hitting for Bill Walstad, walked and went to second on a passed ball. Nick Ryan a bunt single, sending Arcaro to third. Ryan stole second.

**Haring Drives in Two.** Haring then surprised everyone when with two strikes against him he stroked his first hit of the season, scoring Arcaro and Nick Ryan, wishing to get the tying run in scoring position, sent Bob Salek into run for Haring. Everyone knew that Salek was up to and Zoll didn't disappoint anyone by sending him down on the first pitch.

Lawrence, for its part, wasn't going to be accused of ignoring the obvious. It called for a pitchout. Salek was out by the proverbial mile. After Yoder walked, Hal Logan fanned to end it.

PHS catcher Ryan emerged as the defensive star for the losers. Nick, who had had some difficulty before with players running on him, was better perfect against Lawrence as he threw out three Cardinal runners trying to steal.

Yoder Fans Nine. Earlier, Yoder won his third game of the season when he pitched his team to a 5-4 victory over Cathedral. In going all the way, Yoder struck out nine and gave up seven hits.

Tom Butterfoss, leading the team with a .419 average, drove in the winning run with a single in the bottom of the last inning when PHS scored twice to come from behind in Frank Merrivell fashion. It was a wild and woolly frame.

Arcaro started it off with a pinch hit single. A steal, a bobble by Cathedral pitcher Mike Nemeth on Yoder's bunt and another stolen base placed runners on second and third. Logan fanned but Jay Springer, with the infield drawn in, blooped a fly ball that the second basemen couldn't reach. Arcaro scored.

PHS picked up a single tally in the third when Logan unloaded on a 3-2 pitch for his

**HANOVER PARK NEX**  
**FOR PHS Lacrosse Team.** In the second and last game of the season, the Princeton High School lacrosse team will entertain Hanover Park Saturday at 2 at the Community Park Field.

The stickmen will be at Montclair Monday for a rematch of a contest scheduled for April 21 which was rained. After that, only two more matches remain in the 1968 schedule. Wednesday afternoon the team was scheduled to meet the Hun School here at 3:45.

Last week, against visiting Montclair, PHS scored the first two goals to take an early lead. Any early thoughts that this might end as the Little Tigers' first win of the campaign were soon banished, however, as Montclair caught and then passed the Blue and White to walk off with an 8-1 victory.

Gene Holland, Scott Purvis, Mike Tomlinson and John Rice accounted for Princeton's four goals. Bob Cooper was credited with two assists. The setback was the team's sixth straight.

Bob Arbegast, coach of the beleaguered Little Tigers, reported that from here on in he plans to run three midfielders. He has been using two, but in previous games these have tired in the last half against teams employing three and four midfielders.

**TRACKMEN WIN THIRD.** Defeat Hopewell Valley, 89-37. Winning all but the broad jump and the shot, Princeton High School scored an easy 89-37 victory over visiting Hopewell Valley Regional High School Friday to win its second lopsided victory in a row. PHS is now 3-1.

Saturday, PHS will compete for the first time in several years in the Long Branch Relays, after which it will engage in a pair of home dual meets against Somerville on Monday and Lawrence on Wednesday. Both dual meets will start at 4.

Consistent winners for the Blue and White this spring repeated their successes against Hopewell Valley. Paul Mazzarella won both the low and high hurdles. Julian Solotourovsky captured the 100 and 220—the latter in 22.8, just .8 seconds off his best time of the year against Trenton—and Bob Upchurch won the pole vault and high jump.

Other first place finishers were: Keith Lawder, two miles; John Westefeld, 440; Mark Dalton, javelin; Jeff White, discus; Hutch Smith, 800 and Al Benton, mile. Teammate Paul Rydell finished second in Mazzarella in both hurdle events.

Co-captain Al Moring placed second in the broad jump, as did Charlie Madden in the shot. Andy Albert in the vault and Bob Paro in the 800.

Larry Roswell, the team's number one pole vaulter, has been sidelined for the rest of the season with a hernia. His departure hurts coach Larry Ryan's squad which needed all the strength it could muster in the field events.

## NETMEN TOP THIS, 5-0

Without Loss of Set, Princeton High School's tennis team (7-0) moved down visiting Trenton High School Friday without the loss of a single set. "They were hitting them pretty good," commented coach Robert Orr.

Ted Frisch won in the number one singles match, 6-1, 6-0. Robbie Soumenstein followed with a 6-2, 6-1 victory, and Billie Liederman, No. 3 singles, won 6-2, 6-4.

Billy Carroll and Ted Ford won their number one doubles match 6-3, 6-1. John Panzer and Scott Haim counted the team out with a 6-0, 6-3 triuph.

## HUN NINE SPLITS

Retains League Lead. Although it suffered its first Penn Jersey Baseball League defeat last week, Hun came back strong with a 13-2 win over Germantown Friends Friday to keep sole possession of first place in the league with a 5-1 record.

Perklemen, which Hun will play here next Wednesday afternoon, is its closest pursuer. All other teams have lost at least three.

In a non-league contest Friday, the Red and Black will be at Peddie. It was scheduled to oppose George School in Newtown, Pa. Wednesday.

Coach Sanford Bing labeled Friday's win over Germantown as "our best game all around. We played errorless ball and we got a lot of hits, a lot of timely hits."

Ken Kelly (4-1), Hun's mound ace, held the Quakers at bay with a superb performance. He limited the visitors to two hits and struck out 14.

At the plate for Hun, sophomore Dick Embrey, the team's second baseman, chipped in with a triple. "Dick played a real good game," said Bing. "He hit the ball well every time."

Tommy Hewell, Hiern Secker and Marc Short all were credited with RBI's.

**George Wins, 6-5.** In a game originally set in April but postponed because of rain, Hun lost an extra-inning game to George School last week, 6-5. The defeat was Hun's first league setback.

Freshman Rick Ziegler absorbed the loss in relief of Billy Mann. "It was too bad," commented Bing, "because

Ziegler pitched effective ball. Two throwing errors following a George School single in the eighth let the winning run come across. "Almost all the runs on both sides were unearned," said Bing.

"It was one of the games you wish you could forget," he continued. "We made a lot of mental errors but hopefully it taught us a lesson."

## HUN WINS, LOSES

In Lacrosse. Led by the three goals of Nat Williams, attack, Hun defeated visiting Rutgers Prep Friday for the second time this season, 7-1. The win left the stickmen all even at 3-3.

Williams was backed up by single goals from Bob Strain, Roy Rumble, and Howard Rumble also had a pair of assists.

Earlier, Hun dropped a 6-3 decision to Bryn Athyn, Hartford (2) and Rumble scored for Hun.

## TINDALL BREAKS RECORD

In Javelin at SIU, his first throw in his first meet, Dan Tindall of Dutch Neck, a freshman at Southern Illinois University, broke the SIU javelin mark with a toss of 219-1. The former record of 214-5 was set in 1966 by Joseph Beachell, who, like Tindall, is a graduate of Princeton High School.

Saturday in a dual meet with Kansas, Tindall captured first place with a performance of 220-3. Tindall's best effort this spring has been 223-9 set two weeks ago in the Oklahoma Relays at Norman. Ironically, that was only worth second place.

Tindall's 219-1 came at the Texas Relays and it marked the first time a freshman has ever taken a first at the event. It was made possible, in part, by the recent ruling of the NCAA permitting freshmen for the first time to participate on varsity level in track.

Tindall, as a senior at PHS last year, hurled the spear a phenomenal 233-11 against Bridgeview, the third best scholastic mark in the nation. He is the son of Mr. and Mrs. Harold Tindall of Village Road, West in Dutch Neck. Mr. Tindall reported that he and his wife plan to fly out to SIU this week to watch their son compete in a triangular meet.

New Jersey seems to be the breeding spot for javelin standouts. Mark Murro, a senior at Essex Catholic last year, hurled the javelin an amazing 253-8. Two years ago, the state high school champion was Mark Collins of Livingston. Now a student at Clemson, he has thrown for 243 feet this year.

## PDS NEEDS PITCHING

To Win Some Ball Games. Boasting a respectable team batting average and improved fielding, the Princeton Day School baseball team unfortunately is missing the most important ingredient for a winning team — good pitching.

Plagued by control problems since the opening contest, the Panthers will have to display a major reversal of form in their upcoming game against Chestnut Hill Academy at 10:30 Saturday away and Wednesday against Morristown School away. A home game against Admiral Farragut was scheduled to be played Wednesday at 3:30.

Losing a pair last week to Morristown Prep, 8-4 on Friday, and St. Bernards, 12-4, on

**SETS JAVELIN RECORD:** Dan Tindall, record holder in the javelin at PHS, has established a new mark at Southern Illinois University where he is a freshman. Story this page.

Wednesday, the Blue and White was hurt both times by opposing runners on base via walks. Coach Dick Burnes had reason for optimism, however, pointing out that PDS played errorless ball against Morristown Prep. We played well against one of the best teams we have faced so far," Burnes commented.

Craig Page, on the mound for the Panthers might have had a victory, except for one bad inning. With PDS holding on to a tenuous 4-3 lead in the bottom of the fourth, he loided the bases on walks and gave up a grand slam home run. The winners scored five times in all, and wrapped up matters right there as the contest lasted five innings, because of the late starting time.

Earlier PDS had managed to overcome a 3-0 deficit, with a single tally in the third on a single by Carl Jacobelli and a three-bagger by Page, and three more in the top of the fourth. The runs came on two hits, two walks and an error by the Morristown second baseman on a ball hit by Jim Rodgers, which allowed two runs to score.

Against St. Bernards, pitcher John Claghorn again had problems with his control, but, also was hurt by PDS defense, which committed four errors. The Panthers were out of it from the start as St. Bernards scored three in the first, three in the second and four in the third.

PDS is now 1-4 on the season and faces a tough schedule the rest of the way with games against Hun, Peddie, and Lawrenceville JV.

## BUBBLE IS BURST

N. J. Stickmen Lose First. "The bubble was burst yesterday," is the way coach Hawley Waterman said it, in describing Sunday's 8-5 loss by the New Jersey Lacrosse Club to the Baltimore Lacrosse Club at the Hun School field. The defeat was the club's first after five victories.

The New Jersey Club led 2-0 after the first quarter but Baltimore drew even and then went ahead. "We're better than that," added Waterman. "We played poorly."

"Baltimore practices twice a week. Our kids meet once a week for game time (one period) You could tell the difference, the extra practice meant."

Daye Leete scored twice for the losers, while Dick Norwalk, Phil Allen and Gibbs LeMaoutte had single goals.

The club will play its final home game of the season Sunday at 2 at the Hun field against the New York Lacrosse Club. Away games with clubs from Connecticut Valley, and Long Island and the West Point jayvees will complete the season.

## PDS TEN SPLITTS

Faces Rutgers Prep Again. The Princeton Day School lac-

rosse team will meet Rutgers Prep in a return match on the latter's field at 1 p.m. Saturday. The Panthers split their games last week and had a 2-2 record going into a scheduled Wednesday afternoon home contest with Poly Prep.

On Friday, George School scored four goals in the opening period, three in the second and beat PDS, 10-2. John Taylor and Bob O'Connor scored for the Panthers.

Last Wednesday, the Blue and White overpowered the Hill School jayvees, 9-3. Leading 4-1, at the end of the first quarter, PDS increased the margin to 7-2 at the half. Jerry King led the attack with four goals, while Evan Donaldson had one, David Vonnack, one and O'Connor, one.

## FOUR GOLFERS SURVIVE

In Springdale Tournament. Play in the annual President's Cup Tournament at the Springdale Golf Club reached the semi-final stage last week. In one bracket, Ralph Allaire will play Jack Sweeney, while the other match pits Pete Marzhi against Jim Litvack.

In quarter-final action, Allaire ousted David Mathey, 3 and 2, while Sweeney was a 2 up victor over Otto Nelson. Marzoni defeated Karl Pettit

## THREE TEAMS TIED

For Little League Lead, Craft Cleaners, Edinburg Hotel and Thorne's Pharmacy all went into the second week of play in West Windsor Little League tied for first place with identical 2-0 records. A showdown between Edinburg and the Drugists ended in a 4-4 deadlock called by darkness. The Pharmacy squad shut out Ellsworth A.C. 2-0, on a combined four-hitter by Gary Fowler and Bruce Wortelman, as losing pitcher Wayne Wilson held Thorne to two hits.

## Other Sports

Jim Weterling of Edinburg gave up three hits in a six-inning win over the Lions, 12-3. Craft Cleaners and three men in the final inning to avoid the shutout.

Ellsworth and Craft Cleaners both took advantage of the last place Bankers during the week as Ellsworth edged them, 8-7, despite a five-hitter by the Banker's Tom Moran. Cleaners picked up their second win of the season against the Bankers on a six-inning two-hitter by John Costas. Glenn McClelland and Larry Martz led the Cleaners attack with three hits apiece. Behind the three top clubs are Ellsworth A.C., with a 1-2 record, in fourth place, the Lions, 0-2, in fifth place, and the First National Bank, with an 0-3 slate, in the cellar.

# Nassau Savings is the best place for your savings.

## And here's why.

- At Nassau, you'll earn the top rate in the County on regular passbook accounts. Your investment is completely non-speculative, non-fluctuating, always worth 100¢ on the dollar.
- You put in or take out as much as you like, whenever you like. There are no minimums. No restrictions. It's your money, you call the shots.
- Whenever you deposit by the 15th of the month, you'll earn full dividends right from the 1st of that month.
- If you prefer, you can save steps and save-by-mail. At our expense, of course.
- And, the accounts of each saver are fully insured to \$15,000 by an agency of the U. S. Government. (A family of three can now have as much as \$150,000 in fully insured savings accounts, all at Nassau.)
